

Municipality of Highlands East Official Plan

SCHEDULE 'D'
Metallic Mineral Potential
and Abandoned Mine Sites

Legend

- Abandoned Mine Sites
- Land with High Potential for Metallic Minerals
- Crown

Note: The MMPET tool is a GIS Application that provides a high level, regional scale illustration of the likelihood of any given parcel of land to be prospective for a metallic mineral resource. MMPET is not a mineral resource assessment (MRA) and does not adhere to the approved methodology for determining Provincially Significant Mineral Potential (PSMP).
